

Ruokapaikka.fi

The service gives users a view of a wide selection of the best food restaurants in the area!

INFO

Restaurant's own page:

menus, contact information, opening hours, link to restaurant's website, logo and five pictures that are always visible.

The menu and contact information are easy to update

with a single online session. You can update all your changing lunch menus in advance and schedule them for the right weeks.

PRICING

A business page for your restaurant is created for you on our website. You will then get an user ID and password for editing and updating your restaurant information. All you need to do is to send the company logo and basic information to your sales contact.

The price of the service is €85 + VAT / month

Contract period 6-12 months.

Otherwise indefinite contract. The price includes technical implementation, hosting, maintenance, minor development work and customer support for restaurants.
